Dear Parent/Guardian:

Thank you for expressing an interest in Trinity Catholic Academy for your child(ren). In choosing Trinity Catholic Academy, you are making an investment and an important decision for your child(ren) – the gift of a Catholic education that will last a lifetime.

Here at Trinity Catholic Academy, we are accredited by the New England Association of Schools and Colleges. We offer a rigorous and challenging curriculum and class sizes that ensure your child(ren) are known, loved and supported. Whether participating in our outstanding music and instrumental programs, our boys' and girls' basketball teams, or one of our many extra-curricular clubs and after-school activities, we will partner with you to nurture the social, emotional, and educational needs of your child(ren) from pre-school to grade 8.

As a school co-sponsored by the Campaign for Catholic Schools and the Archdiocese of Boston, our board, leadership and external partners all work together to support and enrich your child's educational experience. Our key partners provide invaluable resources, programs and staffing to support our nurturing environment. Our college partners and programs include:

- **Boston College:** City Connects guidance/referral program; Urban Catholic Teachers
- **Regis College:** Full-time nurse practitioner; advanced degrees for faculty and staff
- **Stonehill College:** Faith formation, service corp., faculty professional development, curriculum alignment, student/community formation house

For this coming year, we are pleased to announce that we will be expanding our curriculum and partnership opportunities to further enhance our academic programs and offerings:

In partnership with Cardinal Spellman High School, we will be:

- Working to enhance and align our upper campus math and science programs from middle-school to the secondary level
- Expanding our National Honor Society student tutoring program
- Offering a new Spanish language program for our 7th and 8th grade students.
 - This new full-time academic course will have the goal of preparing students for entry into Spanish II classes at the high school level. The course will focus on all aspects of language learning including listening, speaking, reading, writing, and culture. All activities will be in line with the National Standards of World Language Learning.
- Exploring the addition of an introductory Spanish course for our 4th through 6th grade students.
 - This introductory class would not meet every day, but provide a foundational opportunity to explore language learning through basic conversation skills, songs and games.
- Seeking opportunities to coordinate and expand our drama-theatre program offerings

In partnership with Saint Sebastian School, we will be:

- Piloting a new public speaking and writing program to be incorporated throughout our upper campus grades 4-8 and academic courses.

At Trinity Catholic Academy, we will partner with you to support your child(ren) from pre-school to grade 8 and beyond. We are here to serve you, answer your questions, and be the school of choice for your child(ren) and family.

On the pages to follow, you will find additional information on our financial aid programs, tuition rates, and payment plans. In addition, we have included a summary of our many clubs, activities and after-school programs. Our leadership team and staff stand ready to be of assistance to you.

On behalf of our entire school community, we thank you for your interest in Trinity Catholic Academy. Once part of our school family, we will work together to achieve great things for your child(ren), entrusted to our care.

Sincerely,

William L. Burke III
Board Chair
